DEDICATION

To continual change

to discovering a new horizon

and going beyond that horizon,

to the **INTELLECTUAL GROWTH**

the **SPIRIT**, and the **PEOPLE**

of this University

that we may grow and prosper

with it

and become something greater

for having been here

ON THE WAY

"Little one, you have been buzzing in the books,
Flittering in the newspapers and drinking beer with
lawyers

And amid the educated men of the clubs you have been
getting an earful of speech from trained tongues.

Take an earful from me once, go with me on a hike,
Along sand stretches on the great inland sea here

And while the eastern breeze blows on us and the
restless surge

Of the lake waves on the breakwater breaks with an
ever fresh monotone

Let us ask ourselves: What is truth? what do you or I
know?

How much do the wisest of the world's men know
about where the massed human procession is going?

You have heard the mob laughed at?

I ask you: Is not the mob rough as the mountains are
rough?

And all things human rise from the mob and relapse
and rise again as rain to the sea?"

CARL SANDBURG

KINGSTON, a quiet interim between two worlds

Seeking wisdom
in its quiet sunshine,

in defiance of wrinkles,
we continue our search . . .

and in our curiosity,
we travel lightly,

toward new heights,
diversions — and awareness

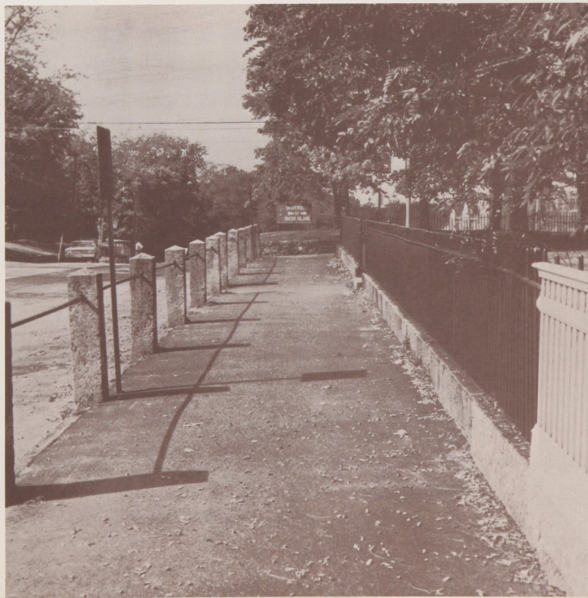

Questions, questions,

and around the corner,
perhaps success.

Board of Trustees

You leave URI with degree in hand and with lasting friendships and fond memories of the years you have spent here. You take with you also my congratulations and best wishes for success and happiness in the future.

Beyond these sentiments, however, lies the hope that you recognize that education is not terminal but is rather a pursuit that should drive and motivate you for the rest of your days. In an earlier time, when St. Augustine could say that his formal education had equipped him for just about everything, life was simpler and knowledge pretty much within grasp. Today, such a viewpoint could be fatal for human knowledge is so vast that no man can even describe its bounds or subdivisions, let alone comprehend what lies within them.

Knowledge is expanding at an explosive rate and new knowledge will make existing knowledge and specialized skills inadequate and obsolete. Anyone who stops learning will soon find himself on the intellectual scrap heap. These cautionary observations are not intended to dull the enjoyment of your Commencement. Rather, they are a reminder that your graduation from URI should signify a commitment to a life of the mind, to a determination to exercise your learning powers by vigorous and determined use. You will never learn all there is to be known but in the continued pursuit of knowledge you will find life's greatest rewards and among the finest of these will be the extension of the frontiers of your thoughts and aspirations.

Ours is a world quivering with change and yet brimming with opportunity. We at URI have tried to prepare you to deal with both. We hope that your education is well begun.

The Rams opened their season against Northeastern under the lights at City Stadium in Providence before 8,500 enthusiastic rooters. The Rhody eleven was determined to start the season with a victory and could not be denied as B. Bryant, W. Zdanowicz and QB. G. Gutter showed well on offense. The defensive unit also played an inspired game and repeatedly stopped the Huskies inside the Ram 20 yard line . . . The Rams next traveled to the Univ. of Maine where they dropped a 23-15 encounter before a statewide television audience. Rhody was completely outplayed in the first-half, but came back strong in the second-half with the Rhody forces taking to the airways in a futile attempt for victory . . . Rhode Island regained its winning ways with a 22-8 victory over an undermanned Univ. of New Hampshire eleven. B. Bryant accounted for two touchdowns and gained 129 yds . . . Homecoming 1964 saw a record crowd of over 10,000 fans jam Meade Field. The outcome of the game was still in doubt until Vermont intercepted a Ram pass with less than one minute remaining, thwarting Rhody's attempt for victory . . . In their next game Rhody played the most outstanding game of the season before yielding to the highly touted Redmen from Massachusetts. In this game the defense led by Capt. J. Buesing did an outstanding job in stopping the high scoring Redmen . . . Rhody then lost to arch rival Brown 30-14 . . . It was a close game until the Bruins exploded for 20 points in the second-half . . . Rhody won only one of its remaining four games and that win was over Springfield, when Rhody scored 3 times in the second-half for the victory.

Harriers Land Championship

After a slow start Coach Tom Russell's harriers gained the confidence and momentum which led them to a successful season. Although dropping their first two dual meets by substantial margins to the University of New Hampshire and Northeastern, the harriers never lost spirit. They won a close one against Springfield in their next outing and with this support they went on to defeat the University of Massachusetts. With their record all even the harriers dropped a triangular meet to Brown and Providence College but bounced back and defeated the University of Connecticut. Then came the Yankee Conference Championships and U.R.I. showed what a well balanced team could do. Led by Captain Luther Whetstine the harriers returned the Championship Cup to U.R.I. after an absence of 15 years. The taste of victory was even sweeter when U.R.I. defeated the same teams which had beaten them earlier in the season.

U.R.I. went on to further show their championship calibre by placing second in the NEICAA. In so doing, U.R.I. beat every other team in New England except Providence College.

Much credit must be given to the men who worked so well under Coach Russell. Luther Whetstine, Bill Masuck, Gary Pace, Guy Danforth, Pete Bingham, Jim Green and Gene Brown should receive special acknowledgement for their fine effort all season.

Varsity Soccer

Unable to catch fire and lacking the offensive punch which a winning squad needs, the soccer team had a disappointing season. The sport is only three years old at URI, thus many of its problems can be attributed to inexperience. But with some good freshmen coming up and a Yankee Conference Title in the offing, next year's team will undoubtedly show great improvement. Coach Butler's men, even though having a poor "won-lost" record, should be commended for their fine spirit and desire to win throughout the season.

Tigers of the Mats

Coach Herb Maack's grapplers showed a tremendous improvement over last season and finished 11th out of 18 in the New Englands. Their dual meet record was four wins—five losses. The team lost an extremely close match with Worcester Polytech, 18 to 13.

Norman LaButti was Rhody's most consistent winner and placed 3rd in the New Englands at 147. His dual meet record was 8 wins—1 loss. Co-Cpts. DiPaolo and Nordstrom, together with R. Rapp, fared well in the heavier weight classes.

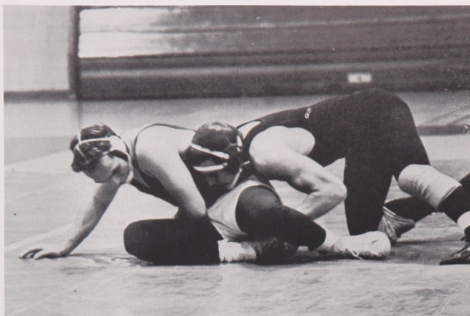

Hampered with injuries and illness Coach Maack was only able to take four of his starters to the New Englands. With everyone returning from this year's squad and with some help from the Freshman squad, Rhode Island can be assured of even greater heights next year.

The University of Rhode Island basketball season was one characterized by ups and downs and the Rams finished the season with a 15-11 record. Although this was a let-down according to pre-season predictions, the Rams played some fine ball but were hampered by inconsistencies in both offense and defense.

The Rams started the season off well by winning their first three games decisively. Riding high, due to the 110-78 trouncing handed New Hampshire the Rams ran out of gas and were soundly beaten by Massachusetts and Manhattan. The Rams regained their early season form and beat Brown but again their winning combination was thwarted when they dropped three games on their Southwest tour. But the Rams played sound ball on this tour and lost to a good Arizona State team by only 9 points. The hoopmen won their windup game on the longest sports junket ever made by a U.R.I. team by beating American University 91-86. In this game Denny McGovern was only one hoop away from his all-time personal one-game scoring record as he hit for 38 points. He received ample support from Mike Fitzgerald who scored 18 points.

Returning to U.R.I. the Rams played much better ball than in previous games. After winning two games U.R.I. lost a heartbreaker to Boston College by a score of 107-105. McGovern had another top effort, scoring 40 points, working nicely with Cymbala and Fitzgerald. Traveling to Storrs, Connecticut, the Rhodymen dropped an important Yankee Conference decision and their hopes for the title decreased. Coach Calverly's men played sporadic ball for the rest of the season and although winning four out of the five Conference games, they lost to Connecticut, who thus retained the title. Rhode Island's two games with Providence College were highly publicized but the Rams were no match for the NCAA bound Friars.

Special recognition should be given to Denny McGovern who finished his college career with a total of 1,696 points. Denny's 517 points for the past season earned him a position on the Associated Press' All New-England Team and is a worthy tribute to one of U.R.I.'s greats. John Mulfinger and Frank Nightingale, both seniors, had also done a fine job in their efforts to make the Rams the fine team that it was. Mike Fitzgerald, Jim Cymbala, Henry Carey, and Bob Boehm also upheld the fine tradition which marks the calibre of all U.R.I. athletes.

Russellmen Capture Title

Coach Tom Russell's indoor trackmen turned in another fine effort and showed their championship calibre by up-setting favored Maine in the Yankee Conference Championships. The season started rather dismally for our trackmen with a loss to a strong Northeastern squad. Rebounding from this defeat the boardmen soundly trounced Connecticut and Bates in their next two outings and the stage was set for the Connecticut Relays. Competing against some of the top schools in the East, U.R.I. took second place honors and had reason to hold their heads high. They avenged their earlier defeat to Northeastern and beat the likes of such schools as Yale, Providence College, Boston Univ., and Bowdoin College. Their next meet was a spine tingler with Rhody prevailing over Boston College by three points.

The Yankee Conference Championships saw Rhode Island defeat defending Champion Maine by 24 points. The Rams accounted for five of the eight records set that afternoon:

High Jump—Fred Collingwood	6 feet 5¼ inches
Broad Jump—Larry Girouard	22 feet 5½ inches
600 Yd. Dash—Gary Pace	1 minute 13 seconds
60 Yd. High Hurdles—Al Lavender	7.9 seconds
Mile Relay—Gary Pace Richard Lemieux Nat Wentworth Bill Masuck	3 minutes 28 seconds

Seniors C. Claytur, C. Ruhle, A. Lavender, B. Masuck and R. Lemieux should receive special mention for their hard work over the years and for the honor they have brought upon themselves and the University.

Outdoor Track

The Rhode Island cindermen fared well in outdoor competition but failed in their attempt to snare the Triple Crown of Track by placing second in the Yankee Conference Championship Meet. The Russellmen gave top efforts throughout the season and in dual meet competition achieved a 2-2 won-lost record.

The Yankee Conference Championship was rather disappointing for the Rams and it seemed lady luck was not on their side. Al Lavender, a consistent scorer throughout the season and well respected in his specialty, the high and low hurdles, broke his shoulder while competing. With Lavender out the Rams lost valuable points and the meet.

Although somewhat downhearted the Rams finished the season in fine fashion by placing fourth in the New England Inter-Collegiates. The only individual winner for Rhody was Clayton Claytur, a senior, who set a meet record in the pole-vault at 14' 2". Clayton was also Yankee Conference champ.

Much credit must be given to the seniors who worked so hard in bringing the track team the laurels it has received. Co-Captains Bill Masuck and Al Lavender led the way, being supported by Carl Ruhle, Rhody's most consistent shot-putter for the past three years, Bob Narcessian, a fine hammer thrower who won the college division at the Penn Relays, and Dick Lemieux. Those men returning who are expected to keep up the fine work shown this past year are Gary Pace, Fred Sculco, Fred Collingwood, and Charlie McGinnis. With these men as the nucleus Rhody can expect another fine season next year.

The U.R.I. netmen had a disappointing season while compiling a 3-6 record. The scores indicate that if the Rhodymen had a few breaks their won-lost record could have been reversed. With most of the varsity squad returning next year the netmen are looking forward to a more successful season. The nucleus of the team will be composed of S. Miller, R. Clark, J. Fourniur, and R. McFarland. The only varsity netman graduating is B. Nelson, who has done a commendable job while competing for the Rams in the past.

The Rhody Golf Team

The Rams had a very successful season which was highlighted by its winning the 28th Annual New England Intercollegiate crown in Groton, Connecticut. By so winning this tournament the Rhody Golfers qualified for the National Collegiate Athletic Association Championship Tournament to be held in Nashville, Tennessee.

Previous to this win the Rams captured the Yankee Conference Title under the superb leadership of Bruce Morin, two time former Rhode Island junior titlist and a finalist in the State Amateur's in 1962. Morin had more than ample support from P. Trainor, K. Hobin, J. Mulvey, and P. Quigley. Co-captains Trainor and Curley have done a splendid job in their four years with the varsity and will be sorely missed next year. But with Morin, Mulvey and an upcoming freshman team U.R.I. will still be of championship calibre.

Baseball '65

The University of Rhode Island baseball team feeling the effects of injuries, mental and physical errors and competing against the spring rains and wind compiled a disappointing season's record of three wins—fifteen losses.

Baseball has been called the game of inches and this can be attested by the URI nine. With a few breaks this season the Rams' record could very well have been reversed.

Coach B. Butler and next year's captain-elect B. Hallworth are looking forward to a very successful season.

Sailing

Surprising to many at URI, the most successful team and the most unheralded is the sailing team. With the season spanning the entire school year the Rhody sailors have kept the momentum necessary to be a consistent winner. In an interview with Coach Ned Caswell it was indicated that no one person could be singled out but that the Ram's success was due to devoted and unselfish teamwork. This teamwork proved to be very productive and the accomplishments and records established by our sailors are manifestations of this spirit.

Unlike the other varsity schedules, the sailing team met over 35 colleges and universities during regular competition, more than double the amount of any other varsity sport. By qualifying for the North American Championships to be held in Detroit, URI will meet an additional 10 schools. This championship is a post-season event and the Rhodymen have enough talent to fare quite well.

Coach Caswell's men participated in 16 regattas and compiled the following record: 11 1st places, 4 2nd places and 1 3rd place. Among the trophies retired are the following: Yankee Conference Trophy, N.E.I.S.A. Sloop Trophy, N.E.I.S.A. Team Racing Trophy. Rhody also set another first by being the first school ever to retire the Sloop Championship Trophy, the Team Racing Trophy and the Freshman Single Crew Championship all in one year.

Two members of the team have been chosen to participate in post season events. A. Paine will travel to England and compete in regattas in Europe, and P. Greene chosen to compete at Marblehead, Mass., the sailing capital of the East.

Next year's prospects seem just as promising as this year's. The team will be losing senior M. Mederios, Captain of this year's team. The freshman team which will complement the varsity showed great potential and their season was highlighted by J. Caswell winning the N.E.I.S.A. Single Crew Championship.

In conclusion, it can only be repeated that the URI sailing team deserves full recognition for the laurels they have brought to the University of Rhode Island.

Making preparations to sail.

The race is over, back at dockside.

Accidents do happen.

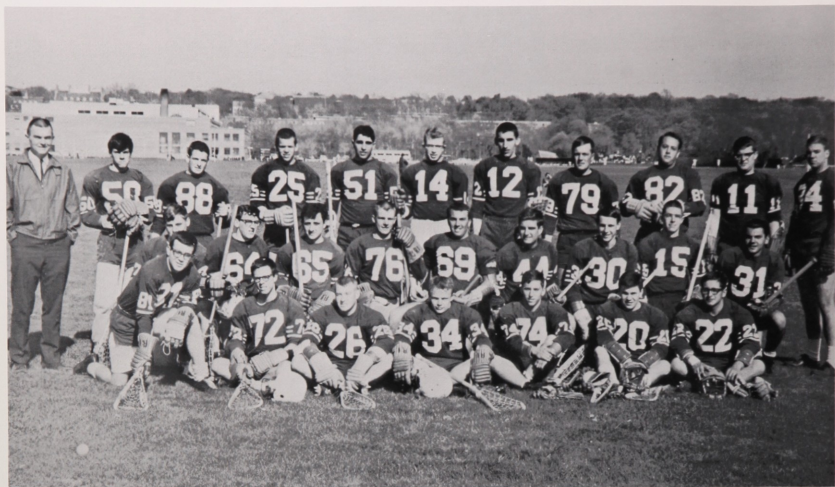

URI's means of
transportation.

Trouble at the wharf, as sailor keeps
boat from sinking.

There is a relaxing moment
in sailing.

URI Lacrosse Club

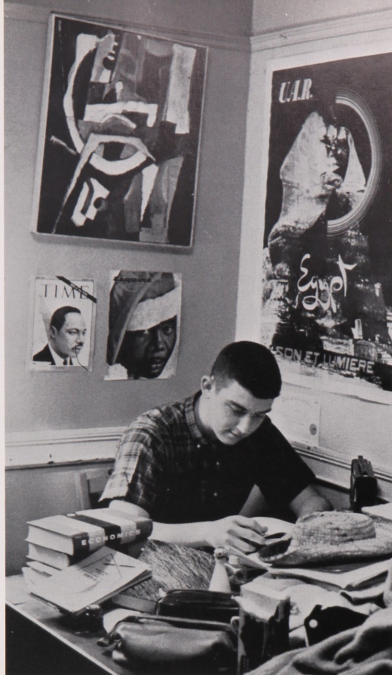

The people you
will remember
not the street
they lived on
or the games
they won.
But the smiles
and frowns
and the thoughts
they spoke

SENIOR WEEK!

It's mild hysteria at the thought, "We made it!"
It's the beginning of the end of "down the line", of Beach-1, from 11:00 to 2:00, of "happy hour" and Saturday morning classes, of snow parties and final exams, of central linen, horned-rimmed professors and curfews —
it's relief and expectation

It's a screaming band
and screaming people,
laughter
and beer, beer, beer

Direction

and on the way, another
transition,

a scattered hope that the
world we enter will not
be made of tinfoil

the roof over
our head, the walls
around us, will be
more limited, and at
the same time more
vast,
but we have
enough belief in
ourselves to make
our own
footprints...

we have been lectured
and discussed
inspired, bored, weary
and exhilarated,
found brilliance in
the midst of
mediocrity,
and occasionally
rebellion in the
midst
of apathy

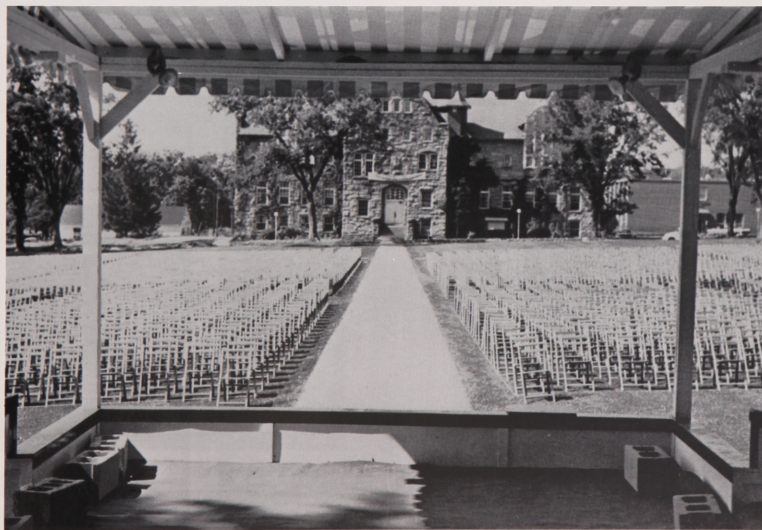

a glimpse of what life's
supposed to be,
in a capsule of time
and knowledge

and tomorrow will be the
same as today,
except somehow, different . . .

ABOUT THE 1965 GRIST

This volume of the University of Rhode Island *Grist* has been printed by the offset lithography method by Taylor Publishing Company of Dallas, Texas. The opening sixteen page signature was printed on 80# off-white Colophon paper using a special mixture brown-black ink. The remainder of the book was printed on 80# double coated Lustro enamel manufactured by the S. D. Warren Company, Boston, Mass.

The cover of the 1965 *Grist* was designed by Art Paine.

All four-color process work was produced from 35 MM slide transparencies.

Body composition is 12 pt. Spartan; captions 10 pt. Spartan with italic. Major heads use 30 pt. Czarín; heads 24 pt. Czarín and sub-heads 18 pt. Czarín. The opening section utilizes a Torino Roman.

The majority of the photographs appearing in the 1965 *Grist* have been taken by the staff. Senior portraits and some other photographs were taken by Merin Studios, Philadelphia, Pa.

Photograph, bottom of page 61, was made available by the Providence Journal Company.

We would like to express thanks to the Advisor to the yearbook, John F. Duffek.
